SUBJECT: Workforce Training Facilities Expansion and Renovation – Phase 2 TDT Expansion, Storage Building, Logan Hall – Selection of Architectural/Engineering Firm

DATE: July 26, 2023

At the October 19, 2022, Board Meeting the Renovate and Expand Campus Training Facilities project was approved to make renovations to the Workforce Careers Center for Diesel Technology Program and building a new storage building to support the diesel mechanic lab, expansion of the truck driver training lot, and renovations in Logan Hall to upgrade and expand emergency medical services labs. This project is funded by an Economic Development Adjustment Assistance – CARES Act Supplemental grant from the U.S. Department of Commerce’s Economic Development Administration (EDA).

The College submitted Amendment #1 to the EDA on January 13, 2023. Amendment #1 authorized the College to reallocate funds from construction of the truck driver training lot expansion to equipment and the purchase of three semi-trucks and trailers. The total project budget was not changed. All project reviews, purchases, and work were put on hold pending the approval of the amendment. The EDA approved the amendment on May 1, 2023. Authorization to resume project purchasing and work was received on June 2, 2023.

The construction of the truck driver training lot expansion is now funded by a Community Project grant administered by HUD and was approved at the October 19, 2022, Board meeting.

Per EDA requirements, a Request for Qualifications (RFQ) was published in The State Journal-Register on July 13th, 14th, and 15th, 2022. In response to the RFQ, five submittals were received on November 9, 2022. The submittals were reviewed by a selection team. BLDD Architects, Inc. (BLDD) was selected based on previous experience working with educational organizations and completing projects funded by federal grants.

The grant also requires the Architect/Engineer contract be reviewed and approved by the EDA before the contract can be awarded. BLDD’s draft contract and related documentation was submitted to the EDA on December 22, 2022. The contract

review was delayed due to the amendment, authorization to finalize the contract with BLDD was received on June 2, 2023.

All project reviews, purchases, and work were put on hold pending the approval of the amendment. Authorization to resume project purchasing and work was received on June 2, 2023.

Based on the amended Phase 2 scope, BLDD is proposing a fee of \$403,903 to provide services for this project, which is within the fee structure range for a project of this scope and complexity.

SUBJECT: Tentative Fiscal Year 2024 Budgets

DATE: July 26, 2023

We are in the process of preparing budget documents following our June 28 Budget Workshop. Copies of the tentative budgets for fiscal year 2024 are enclosed with your mailing. It is possible that additional adjustments may be necessary before the Final FY24 budget is adopted in September.

As required by law, the operating funds (Education and Operations and Maintenance Funds) budget must be available for public review at least 30 days prior to its adoption by the Board of Trustees. Therefore, no action is requested on the budget other than to authorize placing the tentative budget on file.

We anticipate presenting a final budget for your approval at the September meeting of the Board.
